

Rio's Firefly

2003 Gelding

Shown for the first time in 2009 at 7 National "A" shows in Ontario by an amateur rider, "Bug" won his way out of the Beginner Hunter division in 2 horse shows by accumulating 3 firsts over fences and winning the under saddles. He moved up to the Low Adult Amateur division winning ribbons at all of his shows both over fences and on the flat. At his last 2 shows, he moved up to the very competitive Adult Amateur under 35 division and received ribbons both weeks.

All of these accomplishments were achieved without any professional rides which gives tribute to Firefly's great talent, easy demeanor and trainability. He is ridden in a snaffle bridle and takes no preparation before showing. A very easy keeper, he is sound, healthy and a very happy horse. He loves his job!

Rio's Firefly is an excellent prospect for a Junior or Amateur who has aspirations in either the Hunter or Equitation Rings. He promises to make an excellent mount for the 3'6" Ring. His elegance makes him the judge's pick!
